

About ALIVE Rescue

ALIVE Rescue is an animal rescue that protects the lives and the rights of animals. We believe every animal has the right to a well-balanced, socialized and fulfilled life. We take on the responsibility to save, rehabilitate and place abandoned, abused and stray animals. We provide medical, behavioral and physical support for animals despite their age, health and/or breed. ALIVE Rescue promotes sustainable living and caregiving by building awareness, appreciation and respect for all animals and the environment within our communities.

In the almost 12 years since ALIVE Rescue has been founded, we have rescued and placed over 1,600 dogs, cats, and rabbits into their forever homes. On May 5th, 2013 we opened The Little Barn, which served as a safe haven for our rescued animals, while they waited patiently for their forever homes, or before being placed into foster homes. In March on 2020 we made the decision to close The Little Barn and focus our efforts on construction at the new shelter, The Big Barn (details below). Additionally, we open our new Adoption Center in Chicago's West Loop neighborhood in June of 2020. This new location allows our animals to have more exposure for adoption.

We recently announced the expansion of ALIVE Rescue into Wisconsin. Soon we will begin construction on "the BIG barn" with the goal of opening our doors in 2020. With the additional shelter, ALIVE Rescue anticipates doubling the number of animals we save each year.

As a non-profit we depend solely on individual donations, and funds raised through our events. We are very excited to add a unique program that helps us raise money, connect runners with our animals and introduces ALIVE Rescue to the Chicago running community. With your help, we know this program can make a huge impact on so many lives!
